

MUHAMMAD AMEER AIZAD BIN REZUAN

Address : Klang, Selangor
Mobile : +6019-6798574
Email : ameeraizad26@gmail.com
LinkedIn : <https://www.linkedin.com/in/ameer-aizad-5580a6299/>

OBJECTIVE

Final-year Automation and Robotics Engineering Technology student with experience in PLC programming, IoT systems, and data-driven projects. I am eager to secure a 6-month internship spanning from 12 October 2026 to 26 March 2027. My goal is to apply my academic knowledge and acquire hands-on experience. I aspire to contribute to your organization's engineering projects, learn and develop as an engineer, and actively support your team in achieving its objectives.

EDUCATION

Universiti Kuala Lumpur Malaysia France Institute (UNIKL MFI)

Bachelor of Engineering Technology (Automation and Robotics) with Honours
March 2024 – Present | **Current CGPA: 3.56**

Mara Higher Skills College Kuantan (KKTm KUANTAN)

Diploma in Manufacturing Engineering (Industrial Automation & Robotics)
July 2020 – November 2023 | **CGPA: 3.87**

SMK Taman Klang Utama

Sijil Pelajaran Malaysia (SPM)
January 2015 – December 2019

PROFESSIONAL EXPERIENCE

System Integration | Final Year Project (FYP): IoT-Based OEE Monitoring Production Dashboard

January – May 2026

- Developed an IoT-based dashboard to monitor Overall Equipment Effectiveness (OEE) in real time for automated labelling systems
- Designed system to improve machine performance visibility and support data-driven decision making
- Integrated Industry 4.0 concepts within a teaching factory environment
- Implemented data acquisition and visualization for Availability, Performance, and Quality metrics

Engineer Trainee (Contract Extension) | MIT Academy Sdn Bhd

December 2023

- Continued supporting technical operations after internship completion
- Assisted in system maintenance and troubleshooting tasks

Engineer Trainee (Internship) | MIT Academy Sdn Bhd

June 2023 – November 2023

- Managed and maintained the Learning Management System (LMS)
- Assisted in maintaining and modifying industrial machines
- Gained hands-on experience with MMS 4.0 systems and FANUC robots

EXTRACURRICULAR INVOLVEMENT

- Asia-Pacific Broadcasting Union Robocon 2025 (Abu Robocon 2025) | National
- Perak International Robot Competition 2025 | International
- Unikl Robattle Competition 2025 | National
- 18th Malaysia Fira Roboworld Cup 2025 | National
- National Invention & Innovation Competition Exhibition and Robot Sumo 2024 (Nicers) | National
- Mjii Robot Fighto Competition 2024 | National

TECHNICAL SKILLS

- Automation & Hardware: Programmable Logic Controllers (Omron), Micro-Controllers (Arduino), Pneumatic (Festo)
- Electrical Design: Electrical Systems and Wiring
- Software & CAD: SolidWorks, CATIA, Proteus, Visual Studio, Node-red, Visual Code, GitHub, Microsoft Office.
- Programming: Python, C Programming, Json, C#, HTML, Xaml, JavaScript
- AI Software: ChatGPT, Codex, Cloud and Black Box
- Databases: SQLite and MySQL
- Languages: Malay (Excellent), English (Good).

CERTIFICATIONS

- Diploma in Manufacturing Engineering (Industrial Automation & Robotics) 2024

ADDITIONAL INFORMATION

- Driving License: B2, D
- Transport: Possess own transport
- Willingness to Travel: Yes
